TUITION FEES - all tuition fees are per course unless otherwise stated

TUITION FEES PROCEDURE:

- Tuition fees are to be paid by the end of week five (Friday) each semester. Financial Services will notify Student Administration and Security by the Monday of week 6, the names and ID of students who have not paid or partially paid their fees. These students will be de-registered and will be prevented from entering the campus. Students whose fees are not paid by the end of week five are not to attend lectures, tutorials, laboratories etc.
- Students may pay their full fees at any time up to the end of week 14, be re-registered and then attend classes etc. 10% of the amount owing is added to the late fees at the beginning of week 8. It is not the lecturer's responsibility to make up time lost during the de-registration period including tests and assignments.
- Those who have not paid their fees by the Friday of week 14 cannot sit for examinations and will not receive any results.
- Students who have not fully paid their fees by that date will have their enrolment deregistered and any partial payments they have made will be refunded.
- International students are charged higher, non-subsidised tuition fees (at rates between 350% to 450% of the fees charged to Samoan citizens). Please contact Financial Services for more information.
