*All the Best For This Year !*

**Remember:** If you are not sure about anything, anything at all and you don't know who to ask, please come and see us at the Student Support Services Office, and we will be most happy to show you the right place to go to and /or appropriate person to see.

*Did you know that:*

*A smart student seeks help whenever needed, gets smarter, achieves good results and goes places; but an ignorant student who needs help but does not seek help stays ignorant, gets poor results and goes nowhere in this world.*

*There is no such thing as a 'stupid' question, only a 'stupid' person who thinks he/she knows it all!*

*If you do not take responsibility for your academic work by attending lectures & tutorials and submitting your course assignments on time, then accept the consequence of failure – no arguments, no complaints about resources and no blaming of lecturers.*
